Rocket From The Tombs New single 'Strychnine' Radio Impact 30th October Out on Fire Records

- "No one else in American rock, underground or over, in 1974 and '75, was writing and playing songs this hard and graphic about being f**ked over and fighting mad. No one else is doing it now." **David Fricke, editor of Rolling Stone.**

'Strychnine' is dedicated to the panoply of social engineers everywhere who explain to us, very patiently, that poison is good for us.

The second single from the upcoming album release, BLACK RECORD (November 13), is 'Strychnine'. B-side 'I Sell Soul' is taken from the reissue of 'Barfly' out in December.

Rocket from the Tombs tours the USA, Belgium, France and the UK in December.

Rocket From The Tombs is: Crocus Behemoth (vocals), Gary Siperko (guitar, vocals), Buddy Akita (guitar), Craig Bell (bass, vocals) and Steve Mehlman (drums, vocals).
