Description: Turpentine recorded Dec 2006 to Jan 2007 for a Kevin Coyne Tribute album that seems to have run out of steam. Produced by David Thomas. It has not been previously released. Petrified is an out-take from Apocalypse Now with a long spoken intro and much talking. Recorded live at Shuba's in Chicago on Dec 7 1991. It may have been previously released on a Knitting Factory compilation but we are unsure.
