Rocket From The Tombs

New single 'Welcome To The New Dark Ages'

Radio Impact Date 30th November

Out on Fire Records

- "No one else in American rock, underground or over, in 1974 and '75, was writing and playing songs this hard and graphic about being f**ked over and fighting mad. No one else is doing it now." **David Fricke, editor of Rolling Stone.**

The third single from the upcoming album release, BLACK RECORD (November 13), is 'Welcome To The New Dark Ages'. B-side 'Pretty' is taken from the reissue of 'Barfly' out in December.

This is what we know:

'Welcome to the New Dark Ages' reflects on the Media-Culture Complex that is more corrupt than it has ever been. Now is the time for Punk Rock but not the cliché-ridden, bumper sticker burlesque of the 70s. What is required now is discipline, dispassionate analysis and dedication. Rocket From The Tombs will fix this mess in place. **Ubu Projex**

Rocket from the Tombs tours the USA, Holland, Belgium, France and the UK in December.

Rocket From The Tombs is: Crocus Behemoth (vocals), Gary Siperko (guitar, vocals), Buddy Akita (guitar), Craig Bell (bass, vocals) and Steve Mehlman (drums, vocals).
